

# Growers' Manual Order Form

New Zealand  
**Avocado**  
Growers' Association

The fourth edition of the New Zealand Avocado Growers Manual was published in October 2004. The manual is in full colour with many photographs and is in the form of a ring-binder.

It contains chapters on everything from site and plant selection, through preparation, planting, growth, orchard management, pests and diseases, to maturity, harvesting, handling, and economics. The manual includes a floppy disk with a sample avocado budget and grower crop estimation form designed to allow growers to calculate returns from a new planting or mature block. A valuable glossary of botanical terms is included.

**The cost of the manual is \$127.70 (incl GST and P & P).**

**To order your copy:**
